THE ALL IN ONE SURFACE! SUPPORTING BOTH FOOTBALL AND HOCKEY FOR GREAT VALUE AND PERFORMANCE

GREENFIELDS MS PRO

Key benefits:

- ✔ Accredited for both hockey and football
- ✔ Suitable for studded and flat shoes
- ✔ High resilience diamond fibres
- ✔ Cost effective all in one surface

Accredited to FIFA and FIH (International Hockey Federation) standards, GreenFields MS Pro is perfect for clubs and schools looking for high standard dual use pitches. The fibres are short enough for a hockey ball to glide over, long enough for a game of football and provide enough strength to facilitate a consistent ball roll.

The high resilience diamond shaped fibres give extra protection from the daily wear and tear from play with both studded and flat sport shoes. The soft monofilament yarns reduce sliding abrasion injuries, based on GreenFields Slide Max fibres which are well known for increased comfort and safety characteristics.

GreenFields MS Pro is ideal for maximising pitch use with the possibility to play different sports on one field — providing excellent value within one multi-functional surface.

“

The children will benefit hugely from the facility and we are extremely proud of this investment.
